A Ministry for Adoptive and Foster Families

*Welcome to the 2007 Tapestry Adoption & Foster Care Conference!*

This notebook is filled with a diverse collection of information and resources that have been written and/or compiled by those who are leading sessions at this year's Tapestry Conference. Whether you are just beginning to consider adoption or foster care as a way to start or add to your family, or whether you have already begun this life-changing journey, it is our sincere hope that these materials will prove to be a valuable and encouraging resource for you.

At the same time we recognize that the best resources are often other families and individuals who have already traveled similar paths. So no matter what your questions may be we encourage you to consider each of the church adoption and foster care ministries that have worked together to host this year's Tapestry Conference – and the families that are a part of these ministries – as available resources. Many in our community of families are well acquainted with the joys and challenges that you are likely to encounter, and we would be delighted to encourage and support you in any way possible.

Blessings,

The Tapestry Conference Team
